

PARTNERS IN MISSION

The USA Eastern Territory has been aligned with several territories around the Salvation Army world. This is a practical application of the Philippians 1:5 "partnership in the gospel."

The following regions are designated as Partners in Mission:

India Central

Korea (with Mongolia)

Middle East

Mexico

Zambia

In addition to these partners, the World Services program makes it possible for us to assist other parts of the Army world. With the guidance of International Headquarters in prioritizing urgent projects and identifying important opportunities for ministry, we have given support.
